

## 2007 Sacred Sites Grant Awards

The New York Landmarks Conservancy's Sacred Sites Program is one of the oldest programs in the country dedicated to the preservation of historic religious properties. The program has made over 1000 grants totaling almost \$5.5 million to close to over 600 institutions since its inception in 1986. The Conservancy awards three kinds of grants: **Sacred Sites Grants**, **Consulting Grants**, and **Robert W. Wilson Sacred Sites Challenge Grants**.

In addition to grants, the program has helped hundreds of landmark-quality religious institutions with hands-on technical assistance, referrals, and workshops on the maintenance and repair of historic religious properties and associated financial issues. For more information and an application form, please visit <http://www.nylandmarks.org/Assistance.php>

### Sacred Sites and Consulting Grants

The New York Landmarks Conservancy awards **Sacred Sites** and **Consulting Grants** to congregations of all denominations that are planning or undertaking the restoration of historic religious properties. To be eligible, properties must be located in New York State, owned by a religious institution and actively used for worship, and listed on the State or National Register of Historic Places or designated pursuant to a local landmarks ordinance by New York State. Eligible properties include, but are not limited to, churches, synagogues, meetinghouses, mosques, and temples.

## Robert W. Wilson Sacred Sites Challenge Grants

For comprehensive repair and extensive restoration projects, the **Robert W. Wilson Sacred Sites Challenge Grant Program** offers matching funds to churches. Matching funds must be donated from new sources. Since its launch in 2000, the program has awarded 54 challenge grants totaling \$1.6 million, generating over \$1.8 million in grant matches that will facilitate the completion of over \$28.5 million in restoration of historic religious properties across New York State.

<b>2007 Total: 6 Grants</b>	<b>\$200,000</b>
Chemung Park Church in Elmira, Elmira <i>Install new slate on mansard, new drainage system, and repair masonry</i>	<i>\$30,000</i>
